Response to MMCT RFP: Tribal Casino

MOTION By Bill Horan
 seconded by Marc Weinberg
 to **adopt** the following resolution:

Whereas, the Mashantucket Pequot and Mohegan Tribes have formed a partnership entitled MMCT Venture LLC and have issued a request for proposals (RFP) pursuant to Special Act 15-7; and

Whereas, the RFP asks for proposals from towns that "wishes to become home to the Facility that will provide significant and lasting benefits to the residents of the community, the region and the State of Connecticut and will deliver an overall experience that residents and tourists will enjoy for years to come; and

Whereas, the RFP describes the Facility as one "that would service 10,000 visitors daily" and "would be programmed to provide ample parking, food and beverage and other amenities that would result in a first class experience for these visitors and would complement the existing assets of the community and region; and

Whereas the RFP says that "the RFP does not constitute an offer of any nature to any respondent"; and

Whereas, any casino constructed in East Hartford, if the town were selected, would be subject to further action by the Connecticut General Assembly and further review and approval by the town and Town Council of any final project.

NOW THEREFORE BE IT RESOLVED that the Town Council:

Appreciates the opportunity for underutilized property consisting of Showcase Cinema and other surrounding properties to be developed into a vibrant commercial facility; and

Desires to work with the Mashantucket Pequot and Mohegan Tribes for whom we have great respect and any other individual wishing to bring jobs and economic development to the town; and

Recognizes the professional, quality operation of casinos in Connecticut by the Mashantucket Pequot and Mohegan Tribes; and

Wishes to see a facility that will (1) provide significant dollars annually in additional property tax and other revenue to the town, (2) employ hundreds of workers including residents of East Hartford, (3) include a plan agreeable to the town to reduce any negative traffic impact on Silver Lane and the surrounding areas; (4) consist of restaurants, bars and other entertainment facilities that will attract non-gaming consumers; and (5) include a cooperative arrangement with the East Hartford Police Department to minimize or prevent criminal activities within the facility and in the town; and

With these findings in mind and recognizing any final facility and project would be subject to additional review and approval, authorizes the mayor to file a proposal involving the Showcase Cinema site and surrounding underutilized properties.

GRANTS ADMINISTRATION MEMORANDUM

TO: Mayor Marcia A. Leclerc
FROM: Paul O'Sullivan, Grants Manager *PMO*
SUBJECT: Council Resolution – Recycling Incentive Grants Program
DATE: November 2, 2015

Attached is a draft resolution authorizing you to apply to the Connecticut Department of Energy and Environmental Protection (DEEP) for funding under the Recycling Incentive Grants Program.

The Recycling Incentive Grants Program is a new initiative that offers funding to municipalities and regional organizations actively engaged in reducing solid waste, reducing disposal costs and increasing reuse and recycling. This program is one component of the Municipal and Regional Recycling Assistance Program which supports Connecticut's Solid Waste Management Plan to increase diversion from disposal by 60% through targeted technical assistance and incentives.

The grants are divided into three categories: Section 1 – Recycling Rewards, Section 2 – Unit-Based Pricing Programs, and Section 3 – Waste Reduction Initiatives.

Section 1 – Recycling Rewards seeks to compensate municipalities that have strong waste prevention, reuse, recycling and composting programs and encourage them to continue their waste diversion efforts. Rewards may be used towards designated activities and equipment that enhance existing solid waste reduction and recycling programs. The maximum reward for towns with a population from 25,000 to 69,999 is \$18,000.

Section 2 – Unit-Based Pricing Programs are designed for Connecticut municipalities and regional entities seriously considering the implementation of a unit-based pricing (UBP) program. UBP is a method of charging for trash disposal based on the amount disposed in the same way that residents are charged for electricity, gas and other utilities.

Section 3 – Waste Reduction Initiatives are designed to support municipal and regional initiatives that will result in additional materials diverted from disposal with the goal of reaching 60% recycling by 2024. These funds can be used to implement new or enhance existing waste prevention, reuse and recycling programs. The maximum award under this program is \$20,000.

-more-

The Department of Public Works and the Grants Administration Office are in the process of developing applications for Sections 1 and 3. The award for Section 1 will be based on a formula reflecting the Town's current recycling activities. The application for Section 3 will focus on the purchase of two recycling containers with domed roofs for single stream and bulky plastics recycling. I have attached two specification sheets to give you an example of the type of containers under consideration.

I have contacted DEEP and confirmed that there are still funds available under these two programs.

I respectfully request that this item be placed on the Town Council agenda for their meeting to be held on November 2, 2015. Please contact me at extension 7206 if you have any questions.

OVERVIEW

The Recycling Incentive Grants Program offers funding to municipalities and regional organizations actively engaged in reducing solid waste, reducing disposal costs and increasing reuse and recycling. This grants program is one component of the Municipal and Regional Recycling Assistance Program which supports Connecticut's Solid Waste Management Plan to increase diversion from disposal by 60% through targeted technical assistance and incentives. The grants are divided into three categories: Section 1 – Recycling Rewards, Section 2 – Unit-Based Pricing Programs, and Section 3 – Waste Reduction Initiatives.

MINIMUM ELIGIBILITY REQUIREMENTS

To be eligible for funding, applicant must:

- Be a Connecticut municipality or Connecticut regional entity (e.g. council of governments, quasi-government agencies, regional planning agencies, resource recovery authorities, recycling operating committees, etc.).
- Offer parallel collection of recycling if trash collection is offered curbside or at transfer station per C.G.S. Sec. 22a-241j (Section 2 – UBP program grants excluded)
- Be in compliance with relevant DEEP solid waste and recycling reporting requirements (Annual Municipal Recycling Report, Municipal Transfer Station Quarterly Reports, etc.)

Compliance status with other environmental regulations or statutes may impact eligibility.

GRANT APPLICATION PROCESS

Submission of complete and accurate information will enhance the possibility of the application being selected for funding. Applicants must:

- Meet Minimum Eligibility Requirements (see previous section) and Review Criteria (below);
- Submit a complete application for the category of funding you wish to be considered (Attachment 1, 2 and/or 3) and include one cover page for each category applied for (Attachment 4);
- Agree to report on the progress of the UBP Program or Waste Reduction Initiative, including and a description of challenges and resolutions, on a quarterly basis.

Grants are awarded only to municipalities or regions based on meeting the above criteria and subject to the Commissioner's discretion. Approved projects will receive awards in the form of a contract, and work may not proceed until such time as the contract is fully executed. Applicants are encouraged to implement the project within one year of contract start date. The recipient will have two years to use allocated funding and all reports and documentation of expenses must be submitted to DEEP not later than 90 days following the expiration date of the grant contracts.

The suggested upper limit for Section 2 – UBP Programs is \$50,000 and Section 3 – Waste Reduction Initiatives is \$20,000. Requests for larger grants will be considered, but only for exceptional and well-justified proposals. Projects may be approved for funding at amounts which may differ from proposals at the Commissioner's discretion. For projects which are more expensive or in order to guarantee the continuation of the proposed project beyond the initial year of its implementation, matching funds should be considered. Proposals which demonstrate a commitment to maintain and continue the project beyond the initial year in which it is implemented without DEEP support are encouraged and will receive additional consideration. Any seasonal constraints which may prolong the project duration must be specifically discussed in the proposal.

More than one proposal may be submitted for consideration by an individual applicant. For those applicants who have previously received funding through the Department of Energy and Environmental Protection, past performance will be a factor considered in the approval process.

SECTION ONE: Recycling Rewards

(See Attachment 1 for Application)

OVERVIEW

Municipalities with outstanding waste reduction and recycling programs may receive a payment in the form of a Recycling Reward. This grant seeks to reward municipalities that have strong waste prevention, reuse, recycling and composting programs and encourage such municipalities to continue to advance their waste diversion efforts. Rewards may be used towards designated activities and equipment that enhance existing solid waste reduction and recycling programs. To qualify, municipalities must complete the Recycling Rewards application (Attachment 1) by providing a description of activities that municipality administers from the list of model program activities and policies below.

DEADLINE: Fiscal year 2015 applications are due by June 29, 2015 and subsequent applications will be due on February 1 of the next fiscal year as long as funds are available. Applications will be scored based on the Review Criterion listed below. Each criterion has a value ranging from 0 -5.

Criterion	Maximum Potential Points*
Existing UBP program (curbside or transfer station)	5
Residential or institutional / commercial / industrial (ICI) food scrap collection or drop-off	3
Active recycling enforcement program for ICI sectors and/or residents	3

School recycling programs	3
Municipal building recycling programs	3
Recycling outreach and technical assistance to industrial, commercial, and/or institutional sectors	3
Promote backyard composting and grasscycling	1
Program to purchase recycled content and reusable instead of disposable products	1

* If a criteria does not apply to a municipality that criteria will receive zero (0) points.

GRANT AWARD AMOUNT

Municipalities will earn points based upon the criteria outlined above and then ranked in order from municipalities with the most number of points to municipalities with the least number of points. The grants will be awarded to the top ranking municipalities (by points) as far down the list as resources allow

(i.e. the cut-off point will be determined by the point at which the total available funding has been committed). Grant amounts will be calculated for each municipality based on population, with a baseline reward combined with an additional payment for each point earned above and beyond the minimum of 10 points. See table below. The last municipality to make the cutoff may only receive a partial amount depending on availability of funds.

Population	Baseline Reward for a minimum of 10 points earned	Value of Each Additional Point	Maximum Reward
1 - 4,999 (41 towns)	\$2,000	\$200	\$7,200

TOWN OF EAST HARTFORD OFFICE OF THE MAYOR

DATE: November 12, 2015
TO: Richard F. Kehoe, Chair
FROM: Mayor Marcia A. Leclerc 
RE: RESOLUTION: Local Prevention Council Grant

The Town is once again eligible to apply for funding through the Local Regional Action Council-East of the River Action for Substance Abuse Elimination (ERASE). This grant program facilitates the development of alcohol, tobacco, and other drug (ATOD) abuse prevention initiatives at the local level with the support of chief elected officials and the community. The specific goal of this grant initiative is to increase public awareness focused on the prevention of ATOD abuse, and to stimulate the development and implementation of local substance abuse prevention activities.

The Town has received this grant on an annual basis since 2002. This year's grant amount of \$7,116 reflects an increase of \$1, 441 from last year. There is no matching requirement for this grant. This annual grant from ERASE will help provide funding to various programs in our community that focus on the prevention of substance use, and will help to reach over 2,500 East Hartford youth and their families.

Please place this information on the agenda for the November 17, 2015 meeting. I recommend that the Town Council approve this request as submitted by adopting the attached resolution in support thereof.

Thank you.

GRANTS ADMINISTRATION MEMORANDUM

TO: Mayor Marcia A. Leclerc

FROM: Paul O'Sullivan, Grants Manager 

SUBJECT: Council Resolution – 2015-16 Local Prevention Council Grant

DATE: October 30, 2015

Attached is a draft resolution authorizing you as Mayor to apply for the Local Prevention Council Grant for 2015-2016.

East Hartford's Local Prevention Council, through the East Hartford Youth Services, is once again applying for funding from our Local Regional Action Council, East of the River Action for Substance Abuse Elimination (ERASE). The "Local Alcohol, Tobacco and Other Drug Abuse Prevention Council Grant Program" is a one-year initiative to support the activities of local, municipal-based alcohol, tobacco, and other drug (ATOD) abuse prevention.

This grant program facilitates the development of ATOD abuse prevention initiatives at the local level with the support of chief elected officials and the community. The specific goal of this grant initiative is to increase public awareness focused on the prevention of ATOD abuse, and to stimulate the development and implementation of local substance abuse prevention activities.

This grant from ERASE for \$7,116 (an increase of \$1,441 from last year) will help provide funding to various programs in the community that focus on the prevention of substance use by children & youth. The various programs that are nominated will help to reach over 2,500 East Hartford youth and their families.

My records indicate that the Town has received this grant annually since at least 2004.

I respectfully request that this item be placed on the Town Council agenda for their meeting to be held on November 9, 2015. Please contact me at extension 7206 if you have any questions.

Instructions For Submitting Funding Application Grant Program To Support Local Prevention Councils

Purpose of the Program

The purpose of the Local Prevention Council Grant Program is to facilitate the development of culturally competent ATOD abuse prevention and joint behavioral health promotion initiatives of Local Prevention Councils (LPCs) within communities directed at citizens across the lifespan with the support of chief elected officials. The overall goal is to increase public awareness of the prevention of ATOD abuse and joint behavioral health promotion in the context of overall health and wellness.

This grant program differs from other grant programs in that the eligible grantees are required to demonstrate the support and involvement of the municipality's chief elected official, i.e., mayor and/or first selectman.

Grant Requirements

1. Local Prevention Council

A permanent Local Prevention Council must be established and should be reflective of each community's culturally rich diversity.

Membership should include representatives from various groups, agencies, organizations, and communities such as parents, media, businesses, health care, schools, colleges, citizens across the lifespan, community-based organizations, health and wellness agencies, etc. Council membership should include a cross-section of the community that it serves and reflect shared goals of the LPC initiative, cultural beliefs, attitudes, and community practices. It is strongly suggested that LPCs include representation from professionals working in the prevention field in general and ATOD abuse prevention and joint behavioral health promotion in particular, including representation from volunteer groups and city/town agencies. Information about cultural competence is found in Appendix B.

2. Prevention Strategies and Services

The major purpose of the grant is to stimulate the development and expansion of local primary substance abuse prevention services that address all stages of human development. While the range of potential services is broad, ATOD prevention and joint behavioral health promotion aims to keep the many problems and consequences related to ATOD use/misuse/abuse, depending on the population, from occurring.

Additionally, prevention endeavors to change the environment so that ATOD use/misuse/abuse will not occur, thereby reducing the numbers of individuals who experience negative consequences from use of ATOD. Therefore, in developing prevention services, it is essential to consider cultural factors and historically underserved populations. It is expected that each grant demonstrate an understanding of the value of representation reflecting (racial, ethnic, gender, sexual orientation, disability, language, social, political, and economic) diversity. Each applicant is especially requested to embed cultural competence practices in all services funded under the grant.

The range of potential services is broad and LPCs must work with Regional Action Councils (RACs) to identify prevention needs and assist in filling these gaps in services. A complete list of prevention strategies and services is found in Appendix A. Projects must focus on two or more of the six strategies. ***Projects focused on remedial services such as the provision of ATOD abuse and/or joint behavioral health treatment services demonstrating problems resulting***

Instructions For Submitting Funding Application Grant Program To Support Local Prevention Councils

from the use and abuse of alcohol, tobacco or other drugs, or the provision of early intervention services displaying symptoms of possible regular use and/or abuse of ATOD will not be considered for funding.

3. School-Based Services

All applications indicating sponsorship of public school-based or public school-related services must also demonstrate the support of the Superintendent of Schools (or his/her designee) for each local and/or regional education agency or district Drug-Free Schools Coordinator involved.

4. Reports

Recipients are required to collect service data and submit a final report at the end of the funding period, using forms provided by the RAC.

5. Eligible Applicants

Applications will be accepted from individual, municipal-based organizations or inter-city/town, municipal-based collaborations. In order to be eligible for consideration under this multi-town grant program, applicants must demonstrate:

- a. Compliance with grant requirements listed on pages 2 and 3;
- b. That the application is being submitted on behalf of the chief elected official(s);
- c. That the applicant organization or agency has been formally designated by the chief elected official(s) as the local ATOD prevention and joint behavioral health promotion council; and
- d. That for proposed public school-based or school-related services, the applicant organization or agency has support of the Superintendent of Schools (or his/her designee).

Small towns are encouraged to develop collaborative applications with other towns. If two or more towns choose to apply jointly, a single award equal to the total of the individual allocations will be made. Joint applications must include the following:

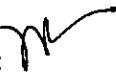

- a. Letters of support and commitment from the chief elected official of each town involved; and
- b. Clear indication of the town (or agency, or organization) that will be the recipient of the contract.

6. Application Deadline

Completed applications may be submitted between October 1, 2015 and December 31, 2015. It is encouraged to submit earlier. If an application cannot be completed by this deadline, a "Letter of Intent" to apply must be submitted by October 31, 2015. A sample letter of intent is found in Appendix D.
