RECOGNITIONS AND AWARDS

2015 CT Veterans Parade Student Essay Winner

Daniel Harper, an East Hartford resident, read his award-winning essay honoring veterans.

"Why Should We Honor Veterans?"

My barber, Joe Picard, has tears in his eyes as he is telling me a story of his time fighting in the Korean War over 63 years ago. He tells how bullets were flying everywhere, and his comrades were getting picked off, one by one. He doesn't know how he survived without a scratch, but he has committed to using his life to take care of his family, love God, and serve others. Mr. Picard has given my family and many others at our church free haircuts for over 20 years just because he is grateful for his life and freedom. I can't think of a more deserving veteran to honor. We should honor veterans because they have bravely faced danger and death for our country, heroically put others' needs before their own, and sacrificially didn't ask for anything in return.

Another reason we should honor veterans is that they have heroically put other people's needs before their own. For example, Mr. Picard and many other veterans have given the scared and hungry civilians food, water, and clothing even when their own lives were in danger. They have rescued their comrades in the heat of battle. Despite being terrified of jumping from an airplane as a paratrooper, Mr. Picard and so many other veterans bravely did the impossible in spite of the great risk to their own lives because they wanted to know that they were doing something to protect their families and friends at home.

We should gratefully honor the bravery, selflessness, and sacrifice of America's veterans. Let us follow the example of our veterans who are still working to make our country a better place.

Anita Morrison

Resolution Honoring Anita Domler Morrison

Whereas, Anita ran and served on the Board of Education from 2007 to 2011 also serving as a member of Future Planning Committee, as well as Committee Chair of that committee in 2010-2011, on the Policy & Audit Committee, Child Plan and Public Building Commission; and

Whereas, Anita ran and served on the East Hartford Town Council from 2013 - 2015 also serving as a member of the Budget Committee, Personnel & Pension Committee, Public Building Commission, the Real Estate Acquisition and Disposition Committee.

NOW THEREFORE BE IT RESOLVED:

That the East Hartford Town Council, governing body of the Town of East Hartford, along with Mayor Marcia A. Leclerc, hereby express the community's gratitude for the compassion, integrity and devotion that Anita Domler Morrison has displayed in service to the residents of East Hartford, Connecticut and thank her for that service.

On call of the vote, motion carried 9/0.

Anita thanked the Council for this recognition and wished the new Councillors well in the next two years of their term.

At this point, Chair Kehoe updated those present, as well as the viewing audience, on the casino RFP. He apologized for MGM – the operator of the Springfield casino – for misleading individuals into thinking the casino issue would be on the agenda. The Chair explained that the Tribes would make a decision in December on a location, then the General Assembly would have to take action and the town would enter into a development agreement. If East Hartford gets that far, there will be informational sessions and public hearings before Council action.

OPPORTUNITY FOR RESIDENTS TO ADDRESS THE COUNCIL ON AGENDA ITEMS

Pat Sirois, Chair of the Beautification Commission, spoke in favor of the amusement permit application for Holiday Fest.

Susan Kniep, 44-46 and 50 Olde Roberts Street, (1) congratulated the new Councillors for their election to the Council; (2) suggested that the Council discuss the "state of the State" at their next meeting; (3) believes that the Council should discuss the issues under Executive Session at the start of the regular Council meeting to keep the public informed; (4) questioned the approval of the October 6th regular Town Council meeting; and (5) would appreciate seeing documents for the real property assessment (tax) appeal known as East Hartford Housing Authority v. Town of East Hartford, Docket No. HHB-CV-14-6026018S, involving King Court, which was approved at the October 6, 2015 regular meeting.

Mayor Leclerc commented on the following: (1) recognized the talent of Daniel Harper which was evident in his essay; (2) thanked Anita Morrison for her service on the Council; (3) will share with the Council state budget cuts, once they are more definitive; (4) the town, along with Goodwin College, is participating in "Green Light a Vet"; (5) leaf collection continues; and (6) looks forward to Holiday Fest and thanked Pat Sirois for her efforts.

Recycling Incentive Grants Program

MOTION By Ram Aberasturia
seconded by Linda Russo
to **adopt** the following resolution:

WHEREAS; the Connecticut Department of Energy and Environmental Protection (DEEP) has made funding available to municipalities and regions through the Recycling Incentive Grants Program, and

WHEREAS these funds are one component of the Municipal and Regional Recycling Assistance Program which supports Connecticut's Solid Waste Management Plan to increase diversion from disposal by 60% through targeted technical assistance and incentives,

NOW THEREFORE LET IT BE RESOLVED; that Marcia A. Leclerc, Mayor of the Town of East Hartford, is authorized to make application to, and execute and approve on behalf of this corporation, any and all documents, contracts, and amendments as may be required by DEEP as they pertain to this Recycling Incentive Grants Program.

On call of the vote, motion carried 9/0.

BOARD OF EDUCATION BUDGET WORKSHOP

PRESENT Chair Richard F. Kehoe, Vice Chair William P. Horan, Jr., Majority Leader Linda A. Russo, Minority Leader Esther B. Clarke, Councillors Marc I. Weinberg, Ram Aberasturia, Joseph R. Carlson and Michael G. Kurker

ABSENT Councillor Patricia Harmon

ALSO Nathan Quesnel, Superintendent of Schools
PRESENT Paul Mainuli, Business Manager, EH Public Schools
Al Costa, Facilities Manager, EH Public Schools
Christopher Wethje, Human Resources, EH Public Schools
Board of Education Members: Bryan Hall, Tyron Harris, Tom Rup, Stephanie Watkins, Valerie Scheer and Shelby Brown

CALL TO ORDER

The meeting was called to order at 5:49 p.m.

Bryan Hall and Rich Kehoe explained that this budget workshop is the first of a series of discussions between the Board of Education and the Town Council to ensure a greater understanding of the board's budget and the overall budget constraints facing the town. Each member has the same goal of making East Hartford a better place to live and work so these workshops provide a forum for consensus.

Superintendent Quesnel provided an overview of his proposed budget to the Councillors which included (1) the consolidation of early childhood programs at Hockanum School; (2) the reduction in the number of elementary schools from 9 to 8 buildings; (3) additional grants to encourage community and parent involvement; and (4) the extension of the Sunset Ridge IB Academy. Pension and health insurance costs remain flat, salary accounts reflect union contract increases and there is an increase for substitute teacher pay to ensure proper classroom coverage.

The Councillors asked a number of questions as Paul Mainuli went through the budget by object code.

Subject: Questions Raised last Night and Responses

Last evening Councilor Harmon raised issue about Primrose Street being included in the 2016 Roadwork. In conversations with Tim Bockus he stated that the street has low ratings and will require a full reconstruction and significant cost per square foot and so it could not fit within the funds available this round. Godar and Barbonsel were small enough to add to the work for 2016.

In regards to work on Columbus Circle the work will be done on schedule. The EHHA project will have minimal impact to the roads based on the plans the town has received.

TOWN OF EAST HARTFORD OFFICE OF THE MAYOR

DATE: December 2, 2015
TO: Richard F. Kehoe, Chair
FROM: Mayor Marcia A. Leclerc 
RE: RESOLUTION – “Click It or Ticket” Reimbursement

The East Hartford Police Department is eligible to apply for reimbursement from the State Department of Transportation through the “Click It or Ticket” Grant Program.

The East Hartford Police Department will participate in the 2016 campaign to raise public awareness and enforce safety belt use. Funds used for this initiative will be reimbursed through the State Department of Transportation through the “Click It or Ticket” Grant Program. Allocations in the past have ranged from \$3,000 to \$9,000.

Please place this information on the agenda for the December 8, 2015 meeting for approval of the Resolution as submitted.

Thank you.

C: Deputy Chief McConville
E. Buckheit, Development Director

I, Angela M. Attenello, the duly appointed Clerk of the Town Council of the Town of East Hartford, a corporation organized and existing under the laws of the State of Connecticut, hereby certify that the following is a true copy of a Resolution adopted at a meeting of the East Hartford Town Council of said corporation, duly held on the 8th day of December, 2015.

RESOLUTION

WHEREAS, the Highway Safety Office of the state Department of Transportation (DOT) has made available funds for the 2016 "Click-It or Ticket" program and;

WHEREAS, the "Click-It or Ticket" enforcement campaign is a key tool in public awareness and enforcement of safety belt use;

NOW THEREFORE LET IT BE RESOLVED; That Marcia A. Leclerc, Mayor of the Town of East Hartford, is authorized to make application to, and execute and approve on behalf of this corporation, any and all documents, contracts, and amendments as may be required by the state Department of Transportation as they pertain to this "Click-It or Ticket" program.

AND I DO CERTIFY that the above resolution has not been in any way altered, amended, or repealed, and is now in full force and effect.

IN WITNESS WHEREOF, I do hereunto set my hand and affix the corporate seal of said Town of East Hartford the ____ day of December, 2015.

SUBJECT: Council Resolution for "Click It or Ticket" Reimbursement

DATE: November 25, 2015

Attached is a draft resolution authorizing your signature of documents related to the Town's receipt of "Click It or Ticket" grant funds from the state Department of Transportation (DOT).

The East Hartford Police Department intends to participate once again in the statewide mobilization of the "Click It or Ticket" program. The Click It or Ticket enforcement campaign is a key tool in public awareness and enforcement for safety belt use. The amount of 2016 funding has yet to be determined, but previous allocations have ranged from \$3,000 to \$9,000. I have attached a 2015 fact sheet that explains the program in more detail.

Funding for the "Click It or Ticket" program works on a reimbursement format. The Police Department is required to submit a Certifications and Assurances form to the state DOT in order to receive reimbursement. The resolution will authorize you to sign this form.

I respectfully request that the attached Resolution be placed on the December 8th, 2015 agenda of the Town Council for their consideration.

Please contact me if you have any questions.

2015 *Click It or Ticket*

FACT SHEET

Change Habits to Save Lives

Be a Part of the Progress

- From May 18 to 31, State and local law enforcement agencies across the nation are stepping up enforcement to crack down on motorists who aren't wearing their seat belts.
- The national seat belt use rate is at 87 percent, which is good, but we can do better. The other 13 percent—an estimated 27.5 million people—still need to be reminded that seat belts save lives.

Enforce Life-Saving Laws

- *Click It or Ticket* isn't about the citations; it's about saving lives. In 2013, there were 9,580 unbuckled passenger vehicle occupants killed in crashes in the United States. To help prevent crash fatalities, we need to step up enforcement and crack down on those who don't wear their seat belts.
- Seat belt use is required by law for a reason: In 2012 seat belts saved an estimated 12,174 people from dying. From 2008 to 2012 seat belts saved nearly 63,000 lives.
- If all passenger vehicle occupants 5 and older involved in fatal crashes had worn their seat belts, an additional 3,031 lives could have been saved in 2012 alone.

Face the Facts

- In 2013, nearly half of the motor vehicle occupants who died in crashes were unrestrained.
- Among young adults 18 to 34 years old killed in crashes, 61 percent were completely unrestrained—the highest percentage of all age groups.

- In 2013, there were 638 children 12 and younger killed in motor vehicle crashes. Of those fatalities, more than a third (38%) were unrestrained.
- Men make up the majority of those killed in motor vehicle traffic crashes. In 2013, about 65 percent of the 21,132 passenger vehicle occupants killed were men. So it comes as no surprise that they wear their seat belts at a lower rate than women do – 54 percent of men in fatal crashes were unrestrained, compared to 41 percent for women.

Bust the Myths

- **Vehicle type:** There seems to be a misconception among those who drive and ride in pickup trucks that their large vehicles will protect them more than other vehicles in crashes. But the numbers say otherwise. Sixty-three percent of pickup truck occupants who were killed were not buckled up. That's compared to 43 percent of passenger car occupants who were killed while not wearing their seat belts. Regardless of vehicle type, seat belt use is the single most effective way to stay alive in a crash.
- **Seating position:** Too many people wrongly believe they are safe in the back seat unrestrained. Half of all front-seat occupants killed in crashes in 2012 were unrestrained, but 61 percent of those killed in back seats were unrestrained.
- **Rural versus urban locations:** People who live in rural areas might believe that their crash exposure is lower, but in 2013, there were 13,038 crash fatalities in rural locations, compared to 8,079 crash fatalities in urban locations. Out of those fatalities, 51 percent of those killed in the rural locations were not wearing their seat belts, compared to 46 percent in urban locations.

Click or Ticket—Day and Night

- High-visibility seat belt enforcement is important 24 hours a day, but nighttime is especially deadly for unbuckled occupants. In 2013, about 59 percent of passenger vehicle occupants were killed at night (6 p.m. – 5:59 a.m.) who were not wearing their seat belts.

BREWER STREET PHASE 4 RECONSTRUCTION PROJECT

Project Description

The Town of East Hartford is seeking funding for Brewer Street Phase 4 Reconstruction through a grant application issued by CRCOG (Capitol Region Council of Governments) under the LOTCIP (Local Transportation Capitol Program) Program which was formally STP-Urban Program. The Town has received previous approval for funding through this program for Phase 1 and Phase 2 (Main Street to Glenn Road) and Phase 3 (Glenn Road to Jefferson Lane). Presently these 3 Phases are tentatively scheduled to begin construction in the spring of 2018. Phase 4 funding, if selected based on a rating system, would extend construction from Jefferson Lane approximately 1.933 linear feet east to about house #349 Brewer Street.

The proposed Phase 4 project will be the total reconstruction of approximately 1,933 linear feet of Brewer Street. The project limits begin 130' east of the intersection of Jefferson Lane proceeding east to approximately house #349 Brewer Street. The proposal includes the full depth reconstruction of the existing roadway to a 19" depth to achieve a 20 year pavement life. Proposed sub base and pavement structure shall consist of 10" of process aggregate sub base, 6" of HMA 1.0 inch, and 3" of HMA 0.5 inch surface coarse. Also included in this proposal is the installation of a new storm drainage system including required water quality chambers at the outfall locations, granite curbing, 4' wide concrete sidewalks, Americans with Disabilities Act (ADA) compliant concrete sidewalk ramps, driveway aprons, and pavement markings. The proposed roadway design will incorporate 2-11' wide travel lanes with 4' wide bicycle lane shoulders on either side of the roadway.

The project is located within an Inland Wetlands buffer area and Flood Hazard zone which will require local permitting.

The acceptance of this project will help the Town of East Hartford continue much needed infrastructure improvements that benefit residents and the traveling public.

Project Funding

CRCOG's funding cap for Roadway Reconstruction projects is \$3 million dollars. The project will be designed and modified as necessary to remain within these funding constraints. The Town and State of Connecticut will participate in the funding for the project based on current CT LOTCIP regulations.

The Town has the ability to submit up to two grant LOTCIP applications as part of the current solicitation.

SILVER SIDEWALK INSTALLATION PROJECT

Project Description

The project will include the installation of 5 foot wide concrete sidewalks and associated accessible sidewalk ramps along Silver Lane (State Route #502) from the vicinity of Rolling Meadow Drive to the Manchester Town line. Existing public sidewalk network currently terminates to the east of Rolling Meadow Drive. Pedestrians are utilizing the grass areas along the edge of Silver Lane in this area resulting in the development of bare earth path.

The project will extend the public concrete sidewalk network within the Silver Lane right of way to connect the existing sidewalk network with the Department of Transportation's (DOT) multi-use trail located just over the Town line in Manchester. The project will be designed to conform with the requirements of the Americans with Disabilities Act (ADA) and will improve safety of the pedestrians utilizing roadway corridor. The project will be coordinated with the DOT, public utilities companies and DOT's traffic signal modifications at the intersection of Silver Lane and Oak Street. Public involvement meetings will be held during the design phase of the project to obtain the public's feedback on the project.

Based on a preliminary review, an easement in support of the highway will be required to facilitate the construction of the sidewalk in the vicinity of the vacant parcel located to the west of #1355 Silver Lane. A low area is located adjacent to the south side of the roadway with the top of bank being in close proximity to the edge of pavement. DOT has installed metal beam rail along the edge of Silver Lane for the protection of the motoring public. The sidewalk alignment will require filling in order to provide a snow shelf (area between the curb and the front of public sidewalk) and to construct the sidewalk. The toe of slope associated with the necessary filling will extend onto private property resulting in a need for the easement. Sufficient right of way appears to exist for the installation of the remaining sidewalk alignment.

There are no flood hazard zones located within the project limits. Inland wetlands and upland review / buffer zones are present within the project limits.

Project Funding

CRCOG's funding cap for standalone / sidewalk projects is \$1 million dollars. The project will be designed and modified as necessary to remain within these funding constraints. The Town and the State of Connecticut will participate in the funding for the project based on the current CT LOTCIP regulations.

The Town has the ability to submit up to two LOTCIP grant applications as part of the current solicitation.

SUBJECT: Council Resolution – Application to DEEP for Flood and Erosion Control Board Program Funding

DATE: November 25, 2015

Attached is a draft resolution authorizing you as Mayor to submit a request for financial assistance to the state Department of Energy and Environmental Protection (DEEP) under the Flood and Erosion Control Board (FECB) Program.

Previously, DEEP funded FECB Projects on a “first come, first served” basis. With reductions in available funding and requests which far exceed funds, DEEP has developed a methodology for prioritizing these types of requests in anticipation and hope of future funding. Town projects to be submitted are as follows:

Phase 1 - Structural Improvements including: Toe drain / Collector Drain Replacement Phase 1 & 2, Meadow Hill Box Culvert Outfall Repairs, Closure Structure Renovations Cost = \$8,760,000

Phase 2 - Dredging of the Meadow Hill Storage Pond Cost = \$3,950,000

Phase 3 - Stormwater Pump Station Replacement Cost = \$4,500,000

Phase 4 - Operational Improvements Cost = \$1,800,000

Please note that, while this program requires matching funds, DEEP does not mandate that these funds must be in place at the time of application. For this reason, the attached resolution has been written to request only authorization to apply for these funds. Should a project be awarded, a subsequent resolution will be sought that identifies the source of the match.

I respectfully request that this item be placed on the Town Council agenda for their meeting to be held on December 8, 2015. Please contact me at extension 7206 if you have any questions.

Flood and Erosion Control Board Program

The Flood and Erosion Control Board (FECB) program provides state financial assistance to municipalities that have an active Flood and Erosion Control Board* for preventing potential hazards due to flooding, stream bank erosion or beach erosion. In addition, the FECB's may repair municipally owned dams (not used for water supply) or undertake non-structural measures that mitigate flood damages.

Eligible Activities:

Engineering study, design and actual construction of the flood, erosion, non-structural flood mitigation measures or dam safety improvements. An example of a non-structural mitigation measure may include flood warning systems, flood proofing projects or the removal or relocation of severely flood prone residences.

Priority will be given to projects that currently provide, or will provide significant public benefits. Please see the Ranking Worksheet, attached, for information about criteria used in determining priority. This worksheet is a decision-making tool based on criteria important to the safety goals of the Department.

For dams, the DEEP will assign ***the highest priority, for purposes of state cost sharing, to dams which pose the greatest hazard to downstream lives and property***, based on anticipated damages from dam failure. For example, if two dams are subject to administrative repair orders and have the same hazard classification, the dam which would potentially cause loss of life and inundate a large area would be given a higher priority for action than would be given to the dam which provides more community benefits, such as incidental flood control value, recreation, or wildlife habitat, but poses lesser potential damages should it fail. If two dams of equal potential hazard and equal benefit to upstream abutting property owners are proposed as projects, the dam that provides more significant flood storage and therefore more protection to downstream areas from flood damage, will be given the higher priority.

CGS Section 25-71 specifies how project costs are to be allocated, i.e., based on property ownership type. In most cases when a project will solely benefit private riverine, littoral or lake front properties, the costs must be pro-rated on the basis of two-thirds total cost to the local FECB and one-third of the cost to the State. If the repairs will benefit both private and municipally owned or leased riverine, littoral or lake front property, the State can pay 2/3 of the costs for municipal property benefited and 1/3 for the private property benefited. The State will pay 100% of the cost, allocated on a percentage basis, for any State owned shore front property.

*most municipalities allow the governing board to act as a FECB if one is not specifically designated.

Town Levee Project

In September 2014, Mayo Crowe, LLC was selected as the winning bidder to provide legal counsel in connection with the Town's Levee Project. The attached engagement letter outlines the terms of Mayo Crowe's representation.

Since its engagement, Mayo Crowe has done an excellent job of working with the Engineering Department and our office in our Town's efforts to gain certification of the Levee.

I was recently informed that William Crowe (as well as the partners and associates who have worked on this project) is moving his practice to Rogin Nassau. Our office would like to continue working with Attorney Crowe and his team on this project. As seen from the enclosed documents, Rogin Nassau will continue the engagement upon the same rates and terms and conditions of the existing engagement.

To effectuate this change in legal counsel, I am requesting a bid waiver from the Town Counsel (Section 10-7(c) of the Town Ordinances). The bid waiver is in the best interests of the Town because re-bidding would lead to a substantial delay in the project and could lead to the payment by the Town of less advantageous hourly rates.

RE: Levy Project

Dear Mr. Gentile:

We are pleased that you have selected us to represent the Town of East Hartford (the "Town") with respect to the Town's levy project. We understand that the scope of our representation shall include completing the acquisition of property, easements, and/or rights of way, as well as the negotiation and preparation of necessary documents effecting such transactions, necessary for the Town to properly access and maintain its levees in accordance with the requirements of the Army Corps of Engineers. This letter shall supersede all prior agreements with respect to this matter.

I will serve as the primary partner. Flynn Boonstra and Stephen Bohara will be the primary associates involved in this representation.

We will charge for our services on an hourly basis plus our out-of-pocket expenses and any disbursements that we make on your behalf. Our hourly rate shall be \$225.00 for partners and \$165.00 for associates.

We will invoice you for fees, expenses and disbursements monthly, which invoices are due upon receipt.

You have the right, at any time, to terminate our services; however, you remain responsible for the payment of all fees, expenses and disbursements incurred prior to the date of termination. DATE: December 2, 2015
TO: Richard F. Kehoe, Chair
FROM: Mayor Marcia A. Leclerc 
RE: REFERRAL- Fees Committee

Recently the Town Council amended the requirements for massage therapists under Section 8-61 through 8-79 of the Code of Ordinances. Section 8-73 must be updated to reflect the fees associated with the requirements.

Please place on the Town Council agenda for referral to Fees Committee for the December 8, 2015 Town Council meeting.

Thank you.

From : Richard Gentile 
Re : Fees

On October 6, 2015 the East Hartford Town Council amended Section 8-61 through Section 8-79 of the Code of Ordinances. Among the changes made was the requirement that massage therapists receive a masseur permit from the Chief of Police. The ordinance requires the payment of a filing fee as set by the Town Council. I suggest that the setting of the filing fee under Section 8-73 of the Code of Ordinances be placed on the Town Council December 8th agenda for a referral to the Fees Committee.

RE: Revised Job Descriptions

Mayor,

Included with this memo is the revised job description for Fire Marshal and the new job description for Fire Captain – Emergency Management. Both job descriptions have been approved by Human Resources Director Malave, Local 1548 President Wasilewski, and myself.

If you also approve, I respectfully request both items be sent to the Town Council for review and approval by the Personnel and Pension Sub-Committee.

Please let me know if you have any questions or require any additional information.

CC: S. Malave, Director of Human Resources

TOWN OF EAST HARTFORD

TITLE: Fire Captain, Emergency Management

GRADE: 69

DEPARTMENT: Fire

DATE: August XX, 2015

POSITION DEFINITION:

Under the direct supervision of the Fire Chief and program-level direction of the Mayor, directs, plans and develops the emergency management programs for the Town of East Hartford. Evaluates existing programs and coordinates the scope of efforts to prepare the Town for all natural or human caused disasters. Coordinates and directs the development and maintenance of all hazard plans and training that support mitigation, preparedness, response, and recovery. Represents the Town as the primary spokesperson for the Emergency Management Program.

SUPERVISION GIVEN: May direct, plan, and coordinate with department personnel during emergency situations as required by the essential job functions of this position under the direction of the Fire Chief and, as may be necessary, by the Mayor.

ESSENTIAL JOB FUNCTIONS:

- Ensures the Town's Emergency Operations Plan conforms to all state and federal criteria.
- Ensures the Town's emergency notification system is operational and effective.
- Maintains the Emergency Operations Center in a continuous state of readiness
- Maintains coordination with local and state governmental departments and agencies, non-governmental (NGO) entities such as utilities and industry and volunteer organizations active in disaster (VOAD) during any type of emergency. Serves as the Town's representative to the Regional Emergency Planning Team (REPT).
- Enforces department rules, standards operating procedures, and training standards.
- May deliver education programs for the public to ensure individual and community preparedness for all-hazards
- May be required to operate on fire scenes in an IDLH environment. Will assist in salvage actions during fire operations to assist residents and property owners.

KNOWLEDGE, SKILL, AND ABILITY

- Thorough knowledge of the Regional Emergency Support Plan, the State of Connecticut Response Framework, and the Federal Framework(s) as they apply to disaster preparedness, response, recovery, and mitigation.
- Thorough knowledge of the geographical layout of the Town, particularly street locations, water system, target hazards, and flood control structures.
- Knowledge of Emergency Operations Center concepts and operations.

- Thorough knowledge of rules, regulations, and procedures of the department
- Skill in reasoning, planning, and evaluation.
- Ability to establish and maintain effective working relationship with associates, callers, visitors, clients, representatives of other offices, and members of the public.
- Ability to apply technology to tasks
- Ability to speak clearly and distinctly and translate that spoken word into an electronic format.
- Ability to work with the general public, Town employees, and elected and government officials during times of quick decision-making and high stress emergencies.
- Ability to create and foster a collaborative environment among all parties involved in developing the town's emergency management plan.

JOB QUALIFICATION and LICENSING REQUIREMENT:

A high school diploma or its equivalent and service as an Apparatus Operator in the East Hartford Fire Department or 15 years of service as a Firefighter or above in the East Hartford Fire Department. Possession of a valid Motor Vehicle Operator's License.

SPECIAL REQUIREMENTS:

- Ability to obtain certification to the NFPA Fire Officer II standard.
- Documented completion of NIMS training at the 100,200,700,800 levels at time of application.
- Documented completion of NIMS training at the 300 and 400 levels within one year of appointment.
- Ability to become an Associate Emergency Manager (AEM) or Certified Emergency Manager (CEM).
- Completion of FEMA Professional Development Series within 6 months of appointment.
- Complete FEMA National Emergency Management Basic Academy within 3 years of appointment.

HOURS OF WORK:

As described in Article VI, Section 2 of the Collective Bargaining Agreement. Schedule may be modified to meet the needs of the department.

TOOLS AND EQUIPMENT USED

Motor vehicle, personal computer, standard office equipment, portable radio, radiological monitoring equipment, various Haz-mat and bio-terrorism meters, and appropriate personal protective equipment.

PHYSICAL AND MENTAL EFFORT, AND ENVIRONMENTAL CONDITIONS:

- Tolerate extreme fluctuations in temperature while performing duties in hot, humid atmospheres while wearing equipment that significantly impairs body-cooling mechanisms.
- Rely on senses of sight, hearing, smell, and touch to help determine the nature of the emergency, maintain personal safety, and make critical decisions in a confused, chaotic, and potentially life threatening environment throughout the duration of the operation.
- Work for long periods of time, requiring sustained physical activity and intense concentration.
- Perform a variety of task on slippery, hazardous surfaces such as rooftops or from ladders.
- Wear personal protective equipment that weights approximately 50 pounds while performing firefighting tasks.
- Make rapid transitions from rest to near maximal exertion without warm-up periods.

GENERAL GUIDELINES

The duties listed above are intended only as illustrations of the various types of work that may be performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related or a logical assignment to the position.

The job description does not constitute an employment agreement between the employer and employee and is subject to change by mutual agreement between the Fire Chief and Local 1548 if the requiements of the position are modified.

**Re: Outdoor Amusement Permit Application
"Eversource Hartford Marathon - 2016"**

Dear Chairman Kehoe:

Attached please find the amusement permit application from **The Hartford Marathon Foundation** submitted by its **Technical Director Josh Miller**.

The applicant seeks to **conduct a marathon, road races and outdoor musical entertainment with volunteers and several thousand spectators and runners on Saturday, October 8, 2016 from 7:30 AM – 1:30 PM, with music running between 9 AM and 1:30 PM.**

Pursuant to Town Ordinance (TO) 5-3, a review of the application was completed by the Directors of the Fire, Health, Parks & Recreation, Public Works Departments and the Offices of the Corporation Counsel and Finance.

The **Risk Management Department** states the Marathon Foundation will need to provide a Certificate of Liability Insurance in the amount of one (1) million limits for general liability. They must also endorse the policy to add the Town of East Hartford, its officials, employees and volunteers, Riverfront Recapture and the MDC as additional insured. The policy will need to be reviewed and approved prior to the event.

The **Office of Corporation Counsel** states it has no issues with this application and that the applicant will need to sign a License Agreement with the Town prior to the event.

The **Fire Department** approves the application as submitted and indicates the anticipated cost for the Department's services is unknown at this time.

The **Health and Parks & Recreation Departments** approve the application as submitted and states **there are no anticipated costs to their Departments.**

The **Public Works Department** recommends the application be approved with the following conditions:

- Applicant shall obtain approvals for any road closures from the appropriate jurisdiction.
- The applicant will coordinate with the CT DOT regarding highway construction and the associated detours.

- The anticipated cost to the Department for this event is **\$6,500.00.**

The **Police Department** conducted a review of the application and the following comments/recommendations are made:

- There will be significant detours for several hours. Traffic on the adjacent streets can be maintained with a near-normal flow of traffic.
- Police manpower required for these events exceeds the Department's normal Patrol Complement and overtime hiring will be necessary. As an event that is not Town-sponsored, this expense will have to be borne by the applicant. Those fees are paid out of the Private Duty payments

Respectfully submitted for your information.

Sincerely,

Scott M. Sansom
Chief of Police

We will need a certificate of insurance for 1 million dollar liability insurance. They may not have it now as the day of the race is so far away.

TOWN OF EAST HARTFORD OFFICE OF THE MAYOR

DATE: December 2, 2015
TO: Richard F. Kehoe, Chair
FROM: Mayor Marcia A. Leclerc 
RE: Council Resolution – Supplemental Budget Appropriation

In order to complete the deck replacement project at Drennan Pool, an additional funding source is needed.

The project was funded through the LoCIP Program in FY15; however bidding came in higher than projected, and an additional \$176,000 will be necessary to begin the work.

Please place this information on the agenda for the December 8, 2015 meeting for approval of the Resolution as submitted.

Thank you.

C: M. Walsh, Finance Director

**RESOLUTION CONCERNING A SUPPLEMENTAL BUDGET APPROPRIATION AND
FUND BALANCE TRANSFER FOR THE FISCAL YEAR ENDING JUNE 30, 2016 TO FUND
THE UNFUNDED PORTION OF THE DRENNAN POOL DECK REPLACEMENT**

WHEREAS, the Town of East Hartford opened the Drennan Pool in the summer of 1963, and

WHEREAS, \$350,000 was set aside in FY15 under the Local Capital Improvement Program to replace the filter, return line, and deck at Drennan Pool, and

WHEREAS, through two rounds of competitive bidding, value engineering, and moving the timing of the work around to attract lower bids was generally unsuccessful, and

WHEREAS, in order to complete the necessary work including design fees, engineering, permits, and contingencies, an additional \$176,000 is needed to allow a contract for the total project of \$526,000 to be executed and to allow the project to proceed using existing bids.

NOW THEREFORE BE IT RESOLVED, that the East Hartford Town Council does hereby approve this Supplemental Budget Appropriation of funds in the amount of \$176,000 from the Town's Undesignated Fund Balance and to reflect the addition of the attached Supplemental Revenue Appropriation and Expenditure Appropriation.

G0320-55900	Fund Balance Appropriation	176,000
G8200-64504	Parks Maint. - Construction/Renovation	176,000

I, Angela Attenello, Clerk of the Town Council of the Town of East Hartford, certify that the above resolution was approved at a meeting of the Town Council held on December 8, 2015.

Angela Attenello, Clerk of the Town Council

RE: Supplemental Budget Appropriation Resolution - Drennan Pool

By way of this memo, attached please find a Supplemental Budget Appropriation Resolution in the amount of \$176,000 to provide a funding source to complete the deck replacement at Drennan Pool. Additional information is included in a brief memo from our Parks Director Ted Fravel.

While \$350,000 was initially set aside to complete the work via the LoCIP Program in FY15, actual bidding done on a competitive basis on two occasions came in substantially higher, so in order for the work to commence, this additional appropriation of funds is necessary.

I would respectfully request that you forward this resolution and information on to the Town Council for action at their December 8, 2015 meeting.

Should you have any questions or problems, please feel free to let me know. Thank you.

Subject: Drennan Pool Deck Replacement (LoCIP)

The Drennan Pool opened in the summer of 1963. A CIP request with a budget figure of \$350,000 was entered in the year 2012 based upon Architectural estimates. Funding of the \$350,000 project to replace the filter, return lines, and deck was authorized in FY 14-15. Subsequently, the project was designed, permitted, and put out to bid twice. Our first bid in July only had one vendor attend which resulted in an extremely high bid price well above the funding authorized.

A second bid was held in October of 2015. The project remained the same but better timing allowed for an improved bidding environment. The improvements included an October bid date allowing construction companies to begin planning for the upcoming New England building season. We also offered a non-mandatory pre bid walk through. These two improvements attracted seven vendors.

The lowest bid was \$451,000. The high bid was \$590,200. This number was for construction only and did not include any of our upfront fees for design, engineering, permits or contingencies. At this time we are requesting \$176,000 to complete the project.

This additional funding includes \$101,000 for construction, \$30,000 for design and \$45,000 for contingency.
