Whereas, in 1986, Joseph "Joe" Marfuggi joined Riverfront Recapture five years after the organization's founding as a catalyst for making the Connecticut River a focus of entertainment and environmental appreciation; and

Whereas, under Joe Marfuggi's leadership, a once-dormant, forgotten waterway, cut off from the public by highways, pollution and neglect, is a vital part of the communities of Hartford and East Hartford and a regional attraction for watersports; and

Whereas, the town of East Hartford has benefitted from Joe Marfuggi's leadership which always included our community in Riverfront Recapture's decision-making and goals; and

Whereas, Joe Marfuggi's hard work has provided meaningful entertainment opportunities for thousands of East Hartford residents, especially for our teenagers who participate in Riverfront Recapture programs; and

Whereas, East Hartford has found a true partner in Riverfront Recapture, working jointly to improve our parks and river programming.

NOW THEREFORE BE IT RESOLVED THAT:

The East Hartford Town Council, together with Mayor Marcia A. Leclerc, thanks Joe Marfuggi for his vision and leadership for truly recapturing the Connecticut River and extends our appreciation for his commitment to working with the communities on both banks of the river.

The East Hartford Town Council and Mayor Leclerc wish Joe and his family the best of retirements and hopes Joe will always remember and cherish how much his dedication to the Connecticut River has meant to the people of the town of East Hartford.

Subject: Questions of Administration from May 20, 2015 Council Meeting

Angela:

Here are answers to the questions from Tuesdays Meeting:

Ram Aberasturia asked if Godar Terrace will be on the list of roads to be repaved.

Godar Terrace has been included in the recent list of roads currently in design. As long as there are no significant surprises in design, the design team believes that there will be sufficient funding within the recent bond authorization to include Godar in the 2016 construction package.

Pat Harmon noted that there are old vehicles at the firehouse on Forbes Street and asked when they will be removed.

Only the ladder truck that has been designated for surplus is parked there and will be going to auction this summer. The Chief stated that there was no other vehicle there other than employee vehicle. I will circle through and check myself.

Also, when the tree belts in the Sandra/Barbara Drive neighborhood will be re-landscaped. *(Resident of 58 Barbara Drive in attendance at meeting to address council regarding his property)*

I am told by Tim Bockus that the contractor has revisited the Sandra and Barbara Drive areas twice already. Last week Tim Bockus drove the area and noticed areas in need of attention but the majority of restoration appears to have taken well. Tilcon will be going back again to rake and seed within the week.

GRANTS ADMINISTRATION MEMORANDUM

TO: Mayor Marcia A. Leclerc

FROM: Paul O'Sullivan, Grants Manager *PMO'S*

SUBJECT: Council Resolution for Neighborhood Assistance Act Applications

DATE: May 22, 2015

Seventeen (17) community programs have asked to be included in the Town of East Hartford's annual participation in the State of Connecticut "Neighborhood Assistance Act Program". The Neighborhood Assistance Act provides State tax credits to businesses who contribute to community programs benefiting low income or handicapped individuals in such areas as: job training, job education, community services, and energy conservation. It is important to note that these are State, not municipal, tax credits. The "Tax Credit Program" was authorized under Connecticut General Statute SS 12-630aa, as amended. Energy conservation programs are awarded a 100% credit; all others receive a 60% credit.

Those programs wishing to participate are listed on the attached summary. Complete proposal forms as required by the State's Department of Revenue Services will be placed on file in the Town Clerk's Office and another set will be forwarded directly to the Town Council Office for their review. All 17 proposals were presented at a Public Hearing held May 12, 2015.

Representatives from these organizations have been asked to attend the Council meeting to answer questions regarding their programs.

I respectfully request that the attached Resolution be placed on the June 2, 2015 agenda of the Town Council for their approval. If approved, these proposals will be forwarded to the State of Connecticut Department of Revenue Services by July 1, 2014.

Purpose and General Information

The purpose of the Youth Service Bureaus (YSBs) Grant Program is to assist municipalities and private youth-serving organizations designated to act as agents for municipalities in establishing, maintaining or expanding such YSBs. See Connecticut General Statutes (C.G.S.), Section 10-19n.

Overview

Local communities began to develop YSBs in the 1960's as a response to a growing number of issues affecting youth. The role of the YSBs has been expanded to include both advocacy and coordination of a comprehensive service delivery system for youth. YSBs are organized to provide:

1. Administrative services, including an assessment of youth needs and the coordination of services for youth.
2. Direct services for youth that may include:
 - recreational activities;
 - individual and group counseling;
 - parent training and family therapy;
 - work placement and employment counseling;
 - alternative and special educational opportunities;
 - outreach programs;
 - teen pregnancy services;
 - suspension/expulsion services;
 - diversion from juvenile justice services;
 - preventive programs including youth pregnancy, youth suicide, violence, alcohol and drug prevention; and
 - programs that develop positive youth involvement.
3. Administrative core unit functions which include:
 - general administration;
 - research;
 - resource development;
 - community involvement; and
 - youth advocacy.

Additionally, each YSB is required to have an advisory board responsible for making recommendations on overall policy and program direction of the YSB.

The number of YSBs participating in the grant program has increased from 56 YSBs serving 71 towns in 1979-80 to 101 bureaus serving 145 towns in 2014-15. State funding for the grant program has increased from \$900,000 in 1979-80 to a high of \$3.3 million in 1994-95. The program was funded at \$2,929,483 in 2014-15.

MEMORANDUM

DATE: May 20, 2015
TO: Mayor, Marcia A. Leclerc ✓
FROM: Iris K. Laurenza, Collector of Revenue 
SUBJECT: Suspense List

The attached is a list of accounts I am requesting be transferred into the Suspense Rate Book. I have also attached a Collector's Certificate giving reference to this amount. It is anticipated that this list will be acted upon on the **June 2, 2015 Town Council meeting**.

I am requesting that all outstanding taxes for Personal Property, Motor Vehicle and Motor Vehicle Supplemental taxes on the 10-1-2011 Grand List be transferred into suspense.

This year also includes a request to suspend a number of real estate accounts. These parcels are mobile homes that were either removed, getting ready to be removed or replaced with a new one. Numerous Court Orders, abandonment, public auctions, and lien assignments have occurred on the attached list of properties (mobile homes) which makes it near impossible to collect on any balances due. On future grand lists a new owner and mobile will be in place.

1. These taxes will **remain collectible** for fifteen years from the due date, but at this time we feel that it is unlikely that we will be collecting these taxes and therefore they should be removed from the books as a receivable for the Town of East Hartford. All taxes transferred into suspense will show as due and payable during any inquiry for unpaid taxes or parking tickets on our system.
2. If these taxes are transferred into suspense, the prior year taxes will then present a more realistic figure as to what is actually collectible and will be useful in any future budget considerations and bonding issues.
3. By carrying only the current year taxes plus two prior years motor vehicle taxes as open items, we are working in concert with the blockage of motor vehicle registrations and the motor vehicle department. Registrations are renewed every two years. The Department of Motor Vehicle will carry a blockage on their records for 24 months. If we are unable to collect delinquent motor vehicle taxes within that time, our chances of collecting them later are very slim.
4. We have done our very best to collect personal property taxes. In most cases, those accounts not paid are either out of business, in bankruptcy, foreclosure, moved or continue to struggle with the poor economy.
5. The act of placing these accounts in suspense in no way diminishes our efforts or impedes our ability to pursue these delinquent tax amounts.

If I can be of further assistance or if additional information is needed, please feel free to contact me.
Thank you for your attention to this matter.

East Hartford Town Council
740 Main Street
East Hartford, CT 06108

**Re: Outdoor Amusement Permit Application
"2015 Keith Berger Memorial Crit"**

Dear Mr. Kehoe:

Attached please find an Outdoor Amusement Permit Application submitted by the **TWZ Masters Racing Team by Massimiliano Accaputo, Race Director**. The applicant seeks to conduct a series of bicycle races on **Sunday, June 21, 2015** from **8:30 AM – 3:30 PM** from Founders Plaza and the following Streets: East River Drive, Pitkin Street, Meadow Street, and Hartland Street. Music and food will also be provided.

The applicant respectfully requests a waiver of the associated permit fee (\$10.00), under the provisions of (TO) 5-6(a), due to the Town of East Hartford as this is a fund raising event.

Pursuant to Town Ordinance (TO) 5-3, a review of the application was completed by the Directors of the Fire, Health, Parks & Recreation, Public Works Departments and the Offices of the Corporation Counsel and Finance.

The **Office of Corporation Counsel** approves the application as submitted and states they will need to sign License Agreement with the Town.

The **Risk Management Department** states that the applicant will need to submit a Certificate of One (1) million dollars of liability insurance naming and endorsing the policy to add the Town of East Hartford as an additional insured.

The **Fire and Parks & Recreation Departments** approve the application as submitted and state **there are no anticipated costs to their Departments.**

The **Health Department** recommends approval provided any temporary food service permit applications are submitted at least ten (10) days prior to the event. **There are no anticipated costs to the Department.**

The **Public Works Department** recommends the application be approved subject to the following conditions:

- The applicant shall obtain written permission from the property owner before utilizing business parking lots.
- Traffic in this area may be impacted by the CT DOT's bridge rehabilitation projects in the vicinity of Route 2 and I-84. The four bridge rehabilitation projects require detours of various duration over the course of two construction seasons. We do not have a specific schedule for the detours at this time. The

applicant is encouraged to contact the project engineer to ascertain the potential traffic impacts.

- **There are no anticipated costs to the department.**

The **Police Department** conducted a review of the application and the following comments/recommendations are made:

- The Police Department can provide adequate police protection for the event. The site is suitable for the outdoor amusement, the expected crowds are of small to moderate size, and the area has sufficient parking available.
- This event can be conducted with a minimal impact upon the surrounding neighborhoods and a near-normal flow of traffic on the streets adjacent to the site can be maintained.
- Police manpower required for this event exceeds the Department's normal patrol complement and some overtime hiring will become necessary. As an event that is not Town sponsored, this expense will have to be borne by the applicant.
- **The anticipated cost for this event is approximately \$6,000.00.**

Respectfully submitted for your information.

Sincerely,

A handwritten signature in black ink that reads "Scott M. Sansom". The signature is fluid and cursive, with the first name "Scott" and last name "Sansom" clearly legible.

**Re: Outdoor Amusement Permit Application -
"2015 InterCommunity Firecracker 5 & 10K Fit Run"**

Dear Chairman Kehoe:

Attached please find a copy of the amusement permit application submitted by the **Glastonbury River Runners, Inc. by Rosemary P. Hokanson, its Vice-President.** The applicant seeks to conduct a **5 & 10K Run at Great River Park on Sunday, June 21, 2015 from 8 AM to 12 PM.** Both races will take place on the grounds of Great River Park and the 5K will traverse a paved course and the 10K will include pavement, trail terrain and some stairs. There will be music and food at the event.

Pursuant to Town Ordinance (TO) 5-3, a review of the application was completed by the Directors of the Fire, Health, Parks & Recreation, Public Works Departments and the Offices of the Corporation Counsel and Finance.

The **Office of Corporation Counsel** approves the application as submitted and states the applicant's name is Glastonbury Runners, Inc.

The **Risk Management Department** states that a current Certificate of Insurance for One (1) Million Dollars general liability will be required. The Town of East Hartford, the MDC and Riverfront Recapture must be named and endorsed on the general liability policy as an additional insureds for the this event.

The **Parks & Recreation, Health and Fire Departments** approve the application as submitted and state **there are no anticipated costs to their Departments for this event.**

The **Public Works Department** recommends the application be approved with the following condition:

- Traffic in this area may be impacted by the CT DOT's bridge rehabilitation projects in the vicinity of Route 2 and I-84. The four bridge rehabilitation projects require detours of various duration over the course of two construction seasons commencing this year. The applicant is encouraged to contact the project engineer to ascertain the potential traffic impacts. We do not have a precise schedule of construction from DOT; however, the liaison engineer recently indicated the contractor's notice to proceed may be issued in Mid-May of 2015.
- **There are no anticipated costs to the department.**

The **Police Department** conducted a review of the application and the following comments/recommendations are made:

- The Police Department can provide adequate police protection for the event. The site is suitable for the outdoor amusement, the expected crowds are of small to moderate size, and the area has sufficient parking available.
- Event organizers will be hiring one (1) private duty officer and **there are no anticipated costs to the Department for this event.**

Respectfully submitted for your information.

Sincerely,

A handwritten signature in black ink, appearing to read "Scott M. Sansom", with a long horizontal flourish extending to the right.

Subject: RE: 2015 InterCommunity Firecracker 5 & 10K Fit Run

Good morning Tess.

Do you have any anticipated costs to the Department? I'm fairly certain that you don't but I just need to see it so I can include the information on the package going to the Town Council for review. Thanks.

Carol,

I have reviewed this application and Pursuant to Town Ordinance 5.3, I recommend the application be approved subject to the following conditions:

1. The applicant should include a map of both the 5k and 10k courses including facilities for trash, restrooms, water stations, first aid, course signs, etc.
2. The applicant states private property across East River Drive can be utilized for parking. The applicant should obtain written permission from the property owner.
3. This event is scheduled to take place in June 2015 at Great River Park. The Engineering Division has no work scheduled here during this time frame, however traffic in this area may be impacted by the CT DOT's bridge rehabilitation projects in the vicinity of Route 2 and I-84. The four bridge rehabilitation projects require detours of various duration over the course of two construction seasons commencing this year. Background

TOWN OF EAST HARTFORD OFFICE OF THE MAYOR

DATE: May 29, 2015
TO: Richard F. Kehoe
FROM: Mayor Marcia A. Leclerc 
RE: Riverfront Recapture Management Agreement

The Town's agreement with Riverfront Recapture (RRI) for the management of Great River Park expired on December 31, 2013. Due to ongoing negotiations with RRI and MDC the Town Council Authorized a short term agreement in April of 2014 that contained the same general terms as those contained in the agreement that expired on December 31, 2013 and extended the agreement with Riverfront Recapture, Inc. to December 31, 2014 while RRI and MDC continued their negotiations.

As detailed in the attached memo from Assistant Corporation Council, Richard Gentile, RRI and MDC have now entered into an agreement for services and funding for the maintenance and operation of river front parks in Hartford and East Hartford for a term ending on December 31, 2018.

The attached proposed contract between the Town of East Hartford and RRI contains the same general terms as previous agreements and will end on December 31, 2018

Please place this on the Town Council agenda for the June 2, 2015 meeting.

Thank you.

From : Richard Gentile 
Re : Riverfront Recapture

The Town's agreement with Riverfront Recapture ("RRI") for the management of Great River Park expired on December 31, 2014. The Town and RRI have not yet renewed the agreement. This was due, in part, to RRI's negotiations with the MDC. As you know, RRI has historically relied on the MDC to provide funding, and a workforce, for RRI's maintenance responsibilities under its agreement with the Town.

I am happy to report that RRI and the MDC have entered into an agreement for services and funding relating to the maintenance and operation of riverfront parks in Hartford and East Hartford for a term ending on December 31, 2018.

RRI has recently forwarded a proposed contract between the Town and RRI which will allow RRI to manage the riverfront and hold events there. This contract will run coterminous with the RRI/MDC contract and will end on December 31, 2018.

I am suggesting that the Council authorize you to enter into the attached agreement. The agreement contains the same general terms as those contained in previous agreements between the Town and RRI. I suggest the following motion:

MOVE: that the Council authorizes Mayor Marcia A. Leclerc to execute a Management Services Agreement between Riverfront Recapture, Inc. and the Town, entitled Riverfront Recapture, Inc. Management Services Agreement, which contract, unless renewed by this Council, will terminate on December 31, 2018.

CC: Cindy Bennett (For review of insurance certificates)

RIVERFRONT RECAPTURE, INC.
MANAGEMENT SERVICES AGREEMENT

This Management Services Agreement ("Agreement") is entered into between Riverfront Recapture, Inc. ("RRI"), a Connecticut non-profit corporation, and the Town of East Hartford ("Town"), a municipal corporation, as of this 1st day of January, 2015.

WHEREAS RRI and the Town wish to provide access to RRI and to its contractors to the land of the Town along the banks of the Connecticut River and designated by the Town, generally consisting of Great River Park and the water rights of the Town attendant thereto (the "Park"); and

WHEREAS RRI and the Town wish to generate active and passive uses of the Park for the general public;

WHEREAS RRI and the Town wish to implement the cooperative management, maintenance, operation and promotional use of the Park;

WHEREAS RRI and the Town wish to promote management goals of high standards, simplicity, flexibility, entrepreneurship, and a stable base of adequate revenue;

WHEREAS, the Town will retain its existing authority over the Great River Park while working in a cooperative agreement with RRI to enhance our vision for the park and to implement that vision.

NOW THEREFORE, in consideration of the mutual agreements herein contained, and of other good and valuable consideration the receipt and adequacy of which are hereby acknowledged, the parties agree as follows:

ARTICLE ONE

1.1 Designation of Parkland. Any reference to "the Park" shall include the land along the banks of the Connecticut River owned by the Town and described in *Exhibit A*, together with any water rights of the Town attendant to such land.

1.2 Access. The Town hereby provides access to the Park within its boundaries to RRI, including contractors of RRI and concessionaires of RRI. The Town agrees to take such action as may be appropriate to ensure that RRI, its contractors and concessionaires, and the public have sufficient access to the portions of the Park located within the boundaries of the Town to enable RRI and its contractors and concessionaires to carry out the provisions of this Agreement and to promote the use of the Park by the general public.

1.3 Management Agent. The Town engages RRI as the contractor for the Town in conducting RRI's duties under this contract. As the Town's agent, RRI will (1) provide, or engage others to provide, enhanced maintenance service as set out in 2.1 for the Park; (2) assist in planning & developing the Park; (3) schedule and supervise activities and events in the Park and (4) perform such other duties as set out in this agreement. In consideration for such services to the Town, the Town will (1) Provide such future contributions, if any, as may be approved by the Town as part of its annual budget process; (2) grant authorization to establish concessions and collect and retain such concession fees; and (3) grant authorization to collect and retain Town approved boat launch fees.

ARTICLE TWO

2.1 Maintenance Services. In lieu of RRI performing its duties through its organization, RRI may contract with the Metropolitan District Commission ("MDC") via a service agreement to provide park maintenance services. RRI has entered, or is about to enter into an agreement with the MDC (the "MDC Service Agreement") to perform some or all of the following maintenance services: (i) grounds maintenance and ordinary repairs, including, but not limited to, landscaping, lawn care, mowing, pruning, fertilizing, sweeping, cleaning, snow and ice removal from paths and roadways and such other maintenance as is necessary to maintain high safety and aesthetic standards; (ii) periodic flood cleanup; (iii) graffiti removal; (iv) regular trash collection, including the provision of trash disposal and recycling receptacles and periodic litter collection; (v) portable sanitation services; (vi) dock storage facilities, maintenance of docks and dock facilities, and equipment and harbor management, including, but not limited to boat ramp maintenance, offshore moorings, dock maintenance, and work boat operation; (vii) ordinary maintenance and repairs (but not including replacement or major structural repairs as such replacement or major structural repairs shall not be the responsibility of RRI and shall be conducted at the option of the Town through its regular appropriation and capital improvements process) to bridges, docks, platforms, decks, amphitheaters, paths, roadways, and other capital facilities; (viii) equipment and materials necessary to provide the services, and equipment maintenance; (ix) park ranger services, such as walking, bike or cart patrols, notification of emergency services, radio contact with police and fire officials for emergency assistance only, and public information and assistance. To the extent that the MDC Service Agreement does not require that the MDC perform any service set forth above, or, if the MDC fails to perform any service required under the MDC Service Agreement, RRI shall not have any responsibility for such service except in the event that RRI is able to obtain funding and/or services in kind from other sources to enable RRI to perform, or engage others to perform, such service.

2.2 Management and Promotional Responsibilities.

- a. RRI shall promote, organize and implement, directly or by contract, recreational activities and other events, such as community rowing, regattas,

fishing tournaments, a July 4th Riverfest, concerts, festivals, riverfront rangers, canoe trips, bike tours and cooperative programming with towns.

b. RRI shall promote, organize and implement, directly or by contract, concessions and attractions, such as cruise boats, water taxis, "duck" tours, food vendors, marinas, boat rentals, a seasonal sit-down restaurant, a riverboat restaurant, tall ships and private events.

c. RRI shall promote, organize and implement, directly or by contract, marketing, promotion and fundraising, such as solicitation of event sponsorships, friends of the river, grant seeking, major gifts, capital campaigns, advertising and promotion of the Park as a tourist destination and business opportunity.

d. RRI shall promote, organize and implement, directly or by contract, harbor management, such as boat ramp maintenance, offshore moorings, dock maintenance and work boat operation.

e. Notwithstanding the language of paragraphs a-d above, RRI's obligations under this Section 2.2 shall not extend beyond those obligations for which RRI has adequate funding.

2.3 Planning and Development of the Park. RRI agrees to continue to cooperate with and assist the Town in the planning and development process for the Park, including capital improvements. The Town shall retain control over future development and planning and zoning matters with respect to the portions of the Park within its boundaries. RRI shall participate with the Town in (i) planning for additions to the Park and for new or expanded Park facilities, and (ii) to develop procedures for planning and implementing capital improvements to the Park.

a. Any development proposed by RRI shall be subject to obtaining the Town's consent and approval and any required municipal land regulatory approvals by local, state and federal agencies.

b. The Town will not initiate zoning or planning or other regulation changes which would affect the Park (or land to be proposed for inclusion in the Park) without first notifying RRI of the proposal and offering RRI opportunity to comment on the proposal.

c. The Town may develop and pay for any Park facilities, but the Town will not implement any such facilities without first notifying RRI of the proposal and offering RRI the opportunity to comment on the proposal.

d. Any proposal by RRI to develop Park facilities in the Town be formulated in cooperation with such individual(s) as the Town shall designate to work with RRI concerning the development of proposals.

e. Any proposal by RRI to develop Park facilities will include proposed methods for financing the facilities. RRI agrees to seek funding from State, Federal and private sources if available. Any proposal to use funds provided by the Town will require approval by the Town.

f. RRI will oversee or undertake development of the Park facilities which have received necessary municipal and other approvals and funding from State, Federal or private sources. The Town may either undertake the development of the Park facilities which it funds itself or agree that RRI may undertake the development with Town funds.

g. Subject to prior approval of the East Hartford Town Council, the Town will waive all permit and other building fees associated with the development of the Park undertaken by Riverfront Recapture on behalf of the Town.

h. Notwithstanding any other provision of this Agreement, the Town shall retain ownership of any facilities or improvements in the Park. RRI shall notify the Town prior to commencement of construction of all new or expanded Park facilities or improvements of any kind and request the Town consent to same. Said notice shall include, but not be limited to, the cost, location and description of any new facilities or improvements. RRI shall notify the Town promptly upon completion of said improvements and upon acceptance of same, Town shall own said facilities or improvements.

2.4 Rule Recommendations. RRI will make recommendations, for consideration by the Town and the other municipalities with any portion of the Park within their borders, for a uniform system of ordinances and regulations for use of the Park. Notwithstanding the foregoing, each municipality shall retain jurisdiction to adopt any necessary ordinances for use of Park within its boundaries.

2.5 Scheduling Activities and Events. RRI will coordinate all scheduling, booking and location of activities and events that may take place in the Park, including any sponsored by the Town.

a. While the Town reserves the right to undertake events, it will coordinate such events with the master calendar maintained by RRI. Other than scheduling and coordinating maintenance services, RRI will not oversee the Town sponsored events.

- b. With respect to maintenance and repair work that the Town may need to do on its own to the park system or the flood control dike, the Town will take all reasonable steps to coordinate these types of activities with Riverfront Recapture, and not impact its event calendar. Notwithstanding the foregoing, however, the Town retains the right to close the Park at any time it deems necessary to make repairs to the park system or flood control dike, regardless of whether such actions impact Riverfront Recapture's events calendar.
- c. RRI will maintain an annual master calendar of events and activities and will develop procedures for periodic updates and for informing the Town of changes to such master calendar.
- d. RRI may provide or contract via a service agreement to provide the maintenance services that may be required for events and activities subject to budget constraints and other contractual limitations in service agreements.
- e. The Town shall notify RRI by March 15 of each year for the ensuing calendar year of all proposed events and activities to be sponsored by the Town and all other events and activities which the Town anticipates may be proposed by persons other than RRI. Any proposed changes to the events and activities shall be submitted by the Town to RRI as far in advance as practicable. The purpose of such notice is to allow RRI to include such events and activities in the master calendar and in the work plan and budget of the MDC for providing maintenance services for the events and activities. RRI will notify the Town as soon as possible if it becomes aware that there is a scheduling conflict for any proposed event or activity or if any maintenance services will not be available for the proposed event or activity. In event of irreconcilable conflict, the Town's proposal shall prevail.
- f. The Town will notify RRI of all requests for permits and direct all inquiries for use of Park to RRI for scheduling.

2.6 Permits.

- a. The Town retains its current permitting / licensing authority concerning any vendor, businesses, activity, special event or structure in the Park.
- b. In addition, with regards to activities and special event:
 - i. The Town will coordinate with RRI and the master calendar in the scheduling of any activities or special events for which permits maybe required.
 - ii. The Town will retain any permit changes for activities and special events sponsored by persons or entities other than RRI.

- iii. The Town will continue to consider waiving permit fees for activities and special events sponsored by RRI and which are open to the public on a case by case basis, recognizing the contributions of RRI to the Great River Park.
- iv. RRI and the Town will continue to cooperate to facilitate the process of permitting for activities and special events.
- v. The Town and RRI will continue to cooperate to develop a streamlined permitting and scheduling process.

2.7 Access by Residents. Residents of the Town shall retain the same access to the Park as such residents had before this Agreement was executed, except as otherwise provided in this Agreement.

2.8 Fees.

- a. RRI may recommend a schedule of admission fees and charges to be approved by the Town for certain events or activities to help pay the costs of such events or activities or the costs of managing the Park generally. Such fees and charges shall be collected by RRI and applied to such costs. Except for certain events, particularly fund-raising events for RRI, such fees shall be reasonably based on covering the cost of the event or activity, the need to regulate use, and the desire for fees to be within the affordable reach of residents.
- b. The Town may establish a schedule of boat ramp fees for the use of any boat launching ramp in the portion of the Park within the boundaries of the Town.
- c. RRI may impose and collect fees or charges for events or activities for particular groups or persons which are not open to the public. Such fees and charges shall be a source of revenue for RRI to defray in part the costs of managing and promoting use of the Park and the costs of any maintenance services for the event or activity. Any such event or activity shall be limited to a designated area of the Park designated by the Town for such event or activity provided that such area may not substantially limit the general public's access to the Park and such limitations shall not last more than 48 hours.

2.9 Vendors. RRI may contract with and collect revenue from any persons to operate a concession business in the park with respect to events and activities sponsored by RRI. RRI shall not contract for permanent vendor services within the park without the Town's approval. In all instances, all vendors shall comply with all pertinent Town and State health rules and applicable ordinances.

2.10 Annual Budgets. RRI will aggressively pursue an appropriate mix of all revenue sources. RRI will adopt an annual operating budget and an annual capital budget,

including sources of funding. Any RRI request for funding from the Town must be submitted to the Town and be subject to the annual budget process or special appropriations process and the approval by the Town. RRI will provide to the Town an annual audit by a certified public accountant licensed in the State of Connecticut.

2.11 Municipal Services.

- a. The Town agrees to continue to provide, at no cost to RRI, (i) appropriate flood control facilities and services, (ii) maintenance and repair (ordinary, structural and replacement) of dikes and other appropriate flood control facilities and services, (iii) ordinary electrical service and any other ordinary utility services, if any, including water and sewerage service, but not including capital facilities, and (iv) appropriate public safety services associated with Riverfest as determined by the Town of East Hartford, and subject to the Town's ability to pay for such services.
- b. The Town will provide public safety services at all other RRI sponsored events that take place in the Park the cost of which will be determined, on a case by case basis, by the East Hartford Town Council

2.12 Oversight Committee. The Town and RRI shall create an Oversight Committee consisting of the Mayor or his or her designated representative and a representative of the Parks and Recreation Dept. of the Town designated by the Mayor and a member to be designated by RRI, which Committee shall be responsible for overseeing and coordinating all matters pertaining to the implementation and administration of this Agreement and for recommending amendments, extensions, renewals or repeal of any provision of this Agreement to the Mayor and Town Council.

2.13 Covenants.

- a. RRI covenants to preserve its non-profit status.
- b. RRI shall not operate or manage the Park in any unlawful manner or for any unlawful purpose.
- c. The Town covenants that it is legally empowered to permit RRI to manage the portion of the Park within the Town's boundaries, as provided herein.

ARTICLE THREE - INDEMNIFICATION/INSURANCE

3.1 RRI will indemnify and hold harmless the Town, its officers, agents, servants and employees from and against any and all loss, cost, expense, liability, damage for injury, including

legal fees and disbursements, that the Town, its officers, agents, servants and employees may directly or indirectly sustain, suffer or incur as a result of any and all damage or injury of any kind or nature (including death resulting therefrom) to all persons, whether employees of RRI or otherwise, and to all property caused by, resulting from, or arising out of RRI's negligence in the performance of its obligations under this Agreement. All indemnification provisions and requirements hereunder shall survive the termination or expiration of this Agreement. The existence of insurance coverage shall in no way limit the scope of such indemnities.

3.2 The Town will indemnify and hold harmless RRI and the MDC, their officers, agents, servants and employees from and against any and all loss, cost, expense, liability, damage for injury, including legal fees and disbursements, that RRI and the MDC, their officers, agents, servants and employees may directly or indirectly sustain, suffer or incur as a result of any and all damage or injury of any kind or nature (including death resulting therefrom) to all persons, whether employees of Town or otherwise, and to all property caused by, resulting from, or arising out of the Town's negligence in the performance of its obligations under this Agreement. All indemnification provisions and requirements hereunder shall survive the termination or expiration of this Agreement. The existence of insurance coverage shall in no way limit the scope of such indemnities.

3.3 If RRI chooses to contract with the MDC, RRI will include or cause to be included, will include, in its Service Agreement with the MDC a provision containing the following or similar language:

The MDC will indemnify and hold harmless the Town, its officers, agents, servants and employees from and against any and all loss, cost, expense, liability, damage for injury, including legal fees and disbursements, that the Town, its officers, agents, servants and employees may directly or indirectly sustain, suffer or incur as a result of any and all damage or injury of any kind or nature (including death resulting therefrom) to all persons, whether employees of MDC or otherwise, and to all property caused by, resulting from, or arising out of the MDC's negligence in the performance of its obligations under this Agreement.

3.4 Prior to commencing services pursuant to this Agreement and as long as this Agreement is in effect, RRI will secure and pay for insurance and submit for review evidence thereof to the Town, in accord form or a form with the same format and including a 30 day notice of cancellation provision, as follows:

- a. Occurrence form Commercial General Liability Insurance (Broad Form) to cover RRI's obligation to the Town as set forth in this Agreement, although the existence of insurance shall not be construed as limiting the liability of RRI under this Agreement. Such insurance shall name the Town as an additional insured, as appropriate, with respect to operations performed under or incident to this

Agreement, including coverage for contractual liability and products/completed operations coverage issued by an insurance company licensed to conduct business in the State of Connecticut and acceptable to the Town with limits for each occurrence of \$1,000,000 combined single limit for bodily injury and property damage liability. Such commercial general liability insurance must be endorsed as Primary/Non-Contributory as to any insurance maintained by the additional named insureds and have a severability of interests clause. The MDC shall also be named as an additional or named insured, as appropriate. RRI expressly agrees to waive its rights, benefits and entitlements under the "other insurance" clause of its commercial general liability insurance policy with respect to the Town and the MDC. All deductibles and retentions are the sole responsibility of RRI to pay and/or indemnify the Town. With respect to such insurance, RRI will be the primary named insured with sole responsibility for fulfillment of the conditions of the policy, including but not limited to reporting of claims.

b. An Excess Liability Policy providing the same coverage as set forth above in subsection a with the same additional insured's as the basic policy in the additional amount of \$5,000,000.

c. Fidelity Bond or Insurance Policy with respect to the handling of Town funds in the amount of \$5,000 per employee or \$50,000 on a blanket basis.

3.5 RRI, and the Town will continue to provide their own Workers' Compensation coverage at the statutory limit, including Employer's Liability with limits of \$100,000 for each accident, \$100,000 for disease for each employee, and \$500,000 for each disease/policy limit.

3.6 RRI, and the Town will continue to provide their own Automobile Liability Insurance coverage.

3.7 The Town may self-insure or obtain Commercial General Liability Insurance, in the Town's sole discretion, to cover the Town's obligation to indemnify RRI and the MDC as set forth in this Agreement, although the existence of insurance shall not be construed as limiting the liability of the Town under this Agreement.

3.8 All contracts entered into between RRI, the Town or the MDC with a third party subcontractor shall contain the following:

a. A clause or similar language as follows:

i. The Subcontractor will indemnify and hold harmless RRI, the Town and the MDC, their officers, agents, servants and employees from and against any and all loss, cost, expense, liability, damage for injury, including legal fees and disbursements, that RRI, the Town and/or the

MDC, their officers, agents, servants and employees may directly or indirectly sustain, suffer or incur as a result of any and all damage or injury of any kind or nature (including death resulting therefrom) to all persons, whether employees of Subcontractor or otherwise, and to all property caused by, resulting from, arising out of or occurring in connection with the Subcontractor's work.

b. A requirement that the Subcontractor secure insurance and submit evidence thereof to the party contracting with the Subcontractor (RRI, the Town and/or the MDC), in accord form or a form with the same format and including a 30 day notice of cancellation provision, as follows:

i. Occurrence form Commercial General Liability Insurance (Broad Form) to cover the Subcontractor's obligation to indemnify RRI, the Town and the MDC as set forth in this Agreement, although the existence of insurance shall not be construed as limiting the liability of the Subcontractor, which shall name RRI, the Town and the MDC as additional insureds with respect to operations performed under or incident to the Subcontractor's work, including coverage for contractual liability and products/completed operations coverage issued by an insurance company licensed to conduct business in the State of Connecticut with limits for each occurrence of \$1,000,000 combined single limit for bodily injury and property damage liability. Such commercial general liability insurance must be endorsed as Primary/Non-Contributory as to any insurance maintained by the additional insured and have a severability of interests clause. The Subcontractor expressly agrees to waive its rights, benefits and entitlements under the "other insurance" clause of its commercial general liability insurance policy with respect to RRI, the Town and the MDC. All deductibles and retentions are the sole responsibility of the Subcontractor to pay and/or indemnify RRI, the Town and the MDC.

ii. Automobile Liability Insurance providing the same coverage with the same additional insureds as set forth in subsection (1).

iii. Workers' Compensation at the statutory limit, including Employer's Liability with limits of \$100,000 for each accident, \$100,000 for disease for each employee, and \$500,000 for each disease/policy limit.

iv. An Umbrella Liability Policy providing the same coverage as set forth above in subsections, (1), (2) and (3) with the same additional insureds as the basic policy in the amount of \$5,000,000. Provided, the party contracting with the Subcontractor may waive this requirement and/or increase or

decrease the amount of excess insurance required by the Subcontractor based upon the nature of the work to be performed by the Subcontractor if the contracting party determines that appropriate coverage exists.

v. If any Subcontractor handles any RRI and/or Town funds, a Fidelity Bond or Insurance Policy with respect to the handling of RRI and/or Town funds in the amount of \$5,000 per employee or \$50,000 on a blanket basis.

vi. Any additional insurance required in order to comply with any law or ordinance governing such subcontract or the work to be performed pursuant thereto.

c. A requirement that the insurance in the minimum limits set forth in subparagraph "b" above be submitted for review and approval of the party contracting with the Subcontractor (RRI, the Town and/or the MDC) prior to the commencement of work by the Subcontractor.

d. A requirement that the insurance in the minimum limits set forth in subparagraph "b" above be maintained and continuing evidence thereof be submitted to the party contracting with the Subcontractor during the full term of the contract with the Subcontractor.

3.9 All of the insurance requirements set forth in this Article shall apply to any contractors or subcontractors hired by RRI to perform any of its obligations hereunder. The Town reserves the right to require any additional insurance coverage or waive coverage for any specific work to be performed by RRI or any of its contractors or subcontractors. Notwithstanding, RRI may reduce or waive insurance coverage required to be maintained by any subcontractor of RRI under this Agreement provided RRI continues to maintain the insurance RRI is obligated to maintain under Section 3.4 of this Agreement and such insurance covers claims that arise as a result of the negligent acts or omissions of RRI's subcontractors.
