#### **RECOGNITIONS AND AWARDS**

# Connecticut Library Association Special Achievement Award: Sarah Morgan

Mayor Walsh took a moment to recognize Library Director Sarah Morgan and commend her for the Special Achievement Award she received from the Connecticut Library Association. The CLA has recognized Sarah's achievements in bridging the digital divide in Connecticut through her leadership in the statewide coalition and her own library's digital navigator program. Ms. Morgan is a member of the steering committee of Connecticut Libraries & Partners for Digital Equity.

The Vice Chair expressed the Council's appreciation for the Director's leadership and efforts to provide valuable resources to Town residents.

The Vice Chair took a moment to acknowledge the efforts of the Police and Fire Departments on a recent call for service which led to the rescue of a number of residents and quickly putting out a fire at 50 Hillside Avenue.

<u>Joanne Bittner</u>, 23 Rowland Drive spoke against the amusement application entitled "Imperio Portuguese Festival" submitted by the The Holy Ghost Portuguese Society. Ms. Bittner also presented letters of concern regarding the application on behalf of residents <u>Rick and Liz Harvey</u>, 68 Rowland Drive, <u>Karen Ramos</u>, 36 Rowland Drive, and <u>Claudette and Larry Flanigan</u>, 7 Rowland Drive.

Sandy Ferrante, 15 Rowland Drive, also spoke against the amusement application.

The Vice Chair stated that two additional letters were provided to the Council via email regarding the same issue. One was supportive of approving the permit and the second asked general questions regarding the application.

# **COMMUNICATIONS AND PETITIONS**

<u>Update from Department of Social Services Re: Community Outreach for Renters' Rebate and other programs.</u>

Mayor Walsh shared that under the guidance of Health and Social Services Director Laurence Burnsed, Social Services coordinated with the East Hartford Housing Authority to offer on-site renters' rebate application processing, as well as provide information to other services the Town offers. A number of residents located at Hartford East (886 Main Street) and St. Mary's (1451 Main Street) were able to complete rebate applications. Additional events are scheduled at 10 other locations throughout East Hartford.

In addition, an on-site event for residents at 1183 Main Street was scheduled in response to a number of distress calls from residents. Staff from the Police Department and Social Services along with a representative from Intercommunity participated to share resources to services and referrals to programs in an effort to better assist residents of need.

The Mayor stated that the Department's efforts are an example of the Administration's pledge to better communicate with residents and improve access to service.

# Youth Sports Facility Presentation by MVProperties

The Mayor stated that he believes the community has a need for a Youth Sports Facility and feels that development can occur at no cost to taxpayers. On August 16, 2022, the Council passed a Motion to approve a Memorandum of Understanding between National Development and the Town, which included a \$3 million impact payment that may be allocated towards the planning, design and construction or renovation of athletic facilities including, but not limited to a "bubble" athletic complex. Combining this payment with a proposed \$7 million in bond funding, the Town would be able to invest \$10 million in the development of a Youth Sports Facility. To acquire the additional funds, the Council would need to approve a bond question that would be placed on the November ballot which would then be voted on by the public to approve the funding.

The Mayor introduced <u>Vincent DiCarlo</u> of MVProperties, developers of a sports complex in Windsor, CT. Mr. DiCarlo shared a presentation that provided a plan for development that the Mayor feels will be entirely self-supportive as bonds will be paid for by revenue generated through programs and other sources related to the facility.

In the presentation, Mr. DiCarlo stated that a +/- 60,000 square foot indoor facility located at McAuliffe Park with multi-purpose courts, walking track and other amenities could be developed which leverages previously built baseball fields and the accompanying land. Given the anticipated demand and ability to use the indoor space throughout the full 12-month calendar, Mr. DiCarlo stated that the facility would provide the Town with a financially stable resource to families as well as a source of long-term community pride.

The Mayor provided the Council with annual revenue and expense projections including servicing the debt on a \$7m / 20-year bond that he feels shows further proof of the lack of burden on tax payers. Mr. DiCarlo stated that the projections for income are conservative relative to the potential usage of the facility.

To achieve next steps, the Mayor requested that the Council consider an appropriation of funds from the impact payment provided by National Development to begin planning of the facility over the summer that could produce architectural renderings of the proposed project and the Council's approval in August to place a question for funding on the November ballot.

<u>Councillor Rup</u> suggested that the Administration consider the Silver Lane Plaza area as a possible location for the facility given its accessibility and the amount of space.

<u>Councillor Amadasun</u> questioned the impact on financial profitability of the facility should the Town make efforts to prioritize accessibility for East Hartford residents. *Mr. DiCarlo stated that a nonprofit organization has been created related to the Windsor project. The goal of the nonprofit is reach out to corporations to support local youth through sponsorships. A similar organization could be considered in East Hartford. Discounted rates could also be considered but would affect overall income.* 

<u>Councillor Simpson</u> recommended that in financial considerations of the project, the Town account for long-term maintenance on the project to assure the facility does not fall into disrepair over time.

<u>Councillor Tsegai</u> feels that the Town also needs to take into consideration the impact of traffic and extended hours to any local residential neighborhoods as a part of site planning.

<u>Councillor Bell</u> requested further evaluation and a needs assessment of the programs and financial balance to accommodate local residents to consider the project in a way that most effectively serves the community. The Vice Chair also stated that more conversation will be required as to where this project fits as a priority related to other necessary projects in Town.

#### Silver Lane Plaza Update by Development Department

Development Director <u>Eileen Buckheit</u> provided a presentation on the current status of the properties recently acquired by the Town via eminent domain and options for future development. There are three properties on the site: 794-810 Silver Lane, 818-830 Silver Lane and 832-850 Silver Lane.

The administration has recently enlisted the services of a management company for day-to-day tasks of managing the Plaza, including regular with the remaining tenants, general

maintenance and clean-up activities and collecting rent. After conducting inspections at the property including one by Colliers International, The Town is looking to proceed with the demolition of the rear building (818-830 Silver Lane) after the two tenants who remain have relocated, as the current condition of the structure is beyond repair.

The Director provided two options for the Council to consider regarding the other two buildings. The first option is to demolish 818-830 Silver Lane and retrofit the other two, which would lower demolition costs and not displace additional tenants. This project would require an estimated \$8.8 million investment by the Town plus the cost of demolition, and the tenants who remain in the building are currently paying rent that is below market for the area. The second option would be to demolish all three buildings which would provide a clean site that would provide for a wider net for RFP responses on development projects for the land. The challenge with full demolition would be in the relocation of current tenants of the buildings, potential delays in sale of the site to a new owner and increased demolition costs.

The Director feels that in the current market for development and given its location and access to Route 84, there is opportunity for change in the neighborhood. The Director envisions a plaza with smaller and more diverse commercial use that can complement Concourse Park.

<u>Councillor Simpson</u> is not in favor of renovating the existing buildings and feels that they should be stabilized, but left for a private developer to consider next steps. *Director Buckheit stated a decision on whether to demolish the other two buildings on the site would be helpful as on-site businesses would be entitled to compensation and time for relocation should the Council vote on complete demolition.* 

<u>Councillor Parkinson</u> stated that while she feels the buildings should be taken down, the tenants should be provided adequate time to assure their affairs are in order if forced to relocate and as much financial assistance as possible.

<u>Councillor Bell</u> agreed with Councillor Parkinson on providing time and resources to current tenants and stated that after reading the report, demolishing all buildings would provide the corridor with a new opportunity to revitalize the area.

# Church Corners Inn Update by Development Department

Director Buckheit shared that Town took ownership of the building at located at 860 Main Street on January 11, 2023 and immediately enlisted the services of a management company to manage the building and its tenants. Due to a cold weather event in February, a boiler failure which led to a fire system pipe failure and water damage, which caused the building to be closed for use. The site has remained closed since.

Relocation of most tenants to new permanent locations is complete, and a conditions assessment of the property has found the building to be in a major state of disrepair. As the building was initially built in 1913, ceiling heights are below standard, there is no elevator in the four-story building, and infrastructure is not code compliant. Rehabilitation would require full replacement of the electric and plumbing systems. In addition, the site's footprint allows for minimal parking.

Given the results of the assessment, the Director feels that the only viable outcome for the property that will be supported by the market is a complete demolition of the building, with the recommendation that knockdown occur before the winter to prevent further deterioration of conditions.

The Director feels that redevelopment of the site will prove to be challenging given the small size of the lot (0.4 acres) and that combining the parcel with adjacent property through either the acquisition of the Post Office building (850 Main Street) or connection to Raymond Library's parking would make the site more attractive. Demolishing the building and leaving the site as open space until adjacent sites can be acquired is recommended, but will require additional time and strategy.

<u>Councillor Simpson</u> is in support of demolition of Church Corners Inn given the safety concerns and to eliminate further blight issues.

<u>Councillor Amadasun</u> feels that given the amount of development projects currently in the works, a combined meeting of the Council, Administration and stakeholders to discuss economic development on a holistic level would be useful. *Director Buckheit stated that in the coming weeks a new plan of conservation and development will begin for 2024 and encouraged Councillors to participate.* 

<u>Councillor Tsegai</u> asked if there has been an update on the status of the sale of the neighboring Post Office property. The Mayor stated that a Letter of Intent by the Town was issued at the appraised price of the building but was not accepted. Regular emails have been sent regarding the sale of the property without response.

# Resignation/s From Boards and Commissions

The Vice Chair briefly mentioned the vacancy on the Commission on Aging as a result of the passing of Maryann Larson, therefore creating a vacancy on the board.

To accommodate those present, the following action was taken.

MOTION By Travis Simpson

seconded by Sebrina Wilson

to take Item 11 "Opportunity for Residents to Speak" out of order.

Motion Carried 8/0

Frantz Innocent, 71 Manning Lane, spoke in support of the sports bubble facility.

<u>Bridgitte A Prince</u>, 41 Bodwell Road, expressed concern over the Metropolitan District Commission's "Regulatory Compliance Fee." Ms. Prince also voiced concern over blight in the area of Bodwell Road.

<u>Gary Roy</u>, 61 Matthew Road, spoke with concern over the potential traffic of a sports bubble at MacAuliffe Park and is in favor of considering Silver Lane Plaza as a possible location for development. Mr. Roy also supports securing the Post Office property if possible to further enhance development along Main Street.

<u>Jenilee Tedesco</u>, 6 Elaine Drive, serves as President of East Hartford Little League and feels the Town needs more field space for youth sports and is in favor of Silver Lane as a possible location for development of a youth sports facility.
